## SUBJECT INDEX

- Aromatic nitrogen heterocycles  
Aromatic nitrogen heterocycles as bridging ligands; a survey 227
- Bailar  
Interview of John C. Bailar, Jr. 1
- Copper  
The activation of small molecules by dinuclear complexes of copper and other metals 25
- Dinuclear complexes  
The activation of small molecules by dinuclear complexes of copper and other metals 25
- Nickel bis(maleonitriledithiolate) compounds  
The chemistry and solid state properties of nickel, palladium and platinum bis(maleonitriledithiolate) compounds 171
- Palladium bis(maleonitriledithiolate) compounds  
The chemistry and solid state properties of nickel, palladium and platinum bis(maleonitriledithiolate) compounds 171
- Perrhenate ( $\text{ReO}_4^-$ )  
The chemistry of coordinated perrhenate ( $\text{ReO}_4^-$ ) 205
- Platinum bis(maleonitriledithiolate) compounds  
The chemistry and solid state properties of nickel, palladium and platinum bis(maleonitriledithiolate) compounds 171
